#### Daints, Dils, Blass, &c.

A NEW LIGHT.—KEROSENE, or COAL
OIL—Secured by Patenta. The intensity of the light obtained from this oil will be found to exceed that of any other oil or liquid heretofore known to the public.

This Oil being a pure distillation from coal, without the admixture of spiritual Turpentine or alcohol, is warranted to be not explosive. Insurance Companies allow it to be used without additional premium.

Those who read or write much at night will find it a great acquision, as the light is remarkably steady and soft to the eye.

For General family use, burning in Steamboats, Shipping, Rellroad Cara, Churches, Factories, Hotels and Light Houses, this Oil is as yet unequaled.

It burns brilliantly without smoking or crusting the wick—does not deteriorate or evaporate by exposure, and is not affected by the coloiest weather.

The various patented Lamps to be found at the Store of the undersigned, are recommended as the best adapted to the peculiar qualities of the Oil, each lamp giving a light equal to two six foot gas burners.

This Uil can be used in Camphene and Sylvic Oil Lamps, and can be adapted to Chandoliers for Hotels, Country Residences and Steamers.

The usual discount to Wholesale Dealers.
